

Heron 10281(Passing Wind) For Sale:

Passing Wind is located in Perth and will be in Brisbane for the nationals from late November.

The boat was specially purchased from Mark Phillips with the view to sail for at least 5 years with my grandkids. Now one wants to ride horses and Ashton my current crew has become a Bic expert and is about to move into a Cherub which has left me crewless.

Passing Wind is a Dinghy Sports special from Freddy, you have the choice of two rigs either or not both: one set up by Freddy with boom launching pole and Redback sails used in one nationals. The other set up by me with Rohans help, MC sails, stiff mast and manual pole off the boom(used in Perth nationals). Both are very fast and I can't pick between them; Ask Rohan he has seen it from the outside looking in. The boat comes complete: dinghy sports rudder assembly with cover and centreboard; Launching trolley and boat cover complete the offer. **Price \$9,800(in Brisbane)**
